Sire, she has arrived safely from Anatoria and sent to Isabella.
Pay extra attention at security.
She will be called Lady Sharia widow of Lord Shar
But
This woman Theodora, may be from a commoner mother, but she is the king of Anatoria's half sister
She can cause serious issues in the future
Besides, I am unsure of credibility of Isabella's claim

Accord ng to her,
what made Skade s revolt

Do you
trust her words?
We w ll see
She r sked her l fe

When I first saw you
When Erene brought

I was at your age
I was having my share of

Erene didn't look after

become the princes
fulltime nursemaid

But you d dn't cry at all
That s why
I d dn't have much chances to see you due to my works But whenever I happened to see you you were always br ght and sm l ng

Yes I do I heard h s name several t mes n the forest when they were look ng for h m

Yes, he is very outgoing...
But Lilin has never yelled at him... She's really a kind mother.
So, two women and a child will be left alone...
You weren't together in the beginning?
Well, when I first came here, there were only Vasa and me
Please, this is for your own sake. Do not tell anyone about us
But - we have been like a family. We may not share the same blood, but we treated each other like their own family
It must be something very important for you to leave them

Yes...
Sei...
There's something I am dying to see
I've been living only to be able to see him once again
And now I am going back to see him.

What could she poss bly do n my country ?
What f she went to another country ?

I rece ved a report that a woman who resembled Isabella went on a sh p headed for Ram ra
Ramira !

Phew ... Let's take a short break
We can't see the house now
Vasa
What if the king doesn't recognize me ? I've had dreams that the majesty wouldn't recognize me when I returned

He walked right in front of me and he wouldn't recognize me.
I know it s just a dream but that could happen
I mean there are a lot of beautiful women n the castle and he s engaged now
There s no reason that he d st ll remember me
But that doesn't really matter
And maybe I can l ve with my mother
Yes he s 18 now He no longer needs a nursema d
I just want to see h m for the last t me That s all

No, I am going to get married.
Are you going to live with us ?
I am so childish. I keep thinking about myself only
Right
It's almost as if I am not letting you go
I'd never say that !
Anyway I am thirsty
I will go with you
But, stay here I heard water on our way here There should be a river nearby
No need. Just stay here I will come and get you when I find a river
I was kidding
I will be with you until you say you don't need an old woman

..... It'd be better
if the king has forgotten
about Bii for her own
sake .....
I heard water

There

Vasa ....
I am sorry ....
I am sorry ....
You lived in a mountain for years because of me and you died like this ...
It was a bad luck Gravels near a river are slippery
It s rather common to break one s neck after falling and die nstantly
Ths happened even before you get to leave the mountain What are you going to do now ?
I must go on

... You are not going to return ?
I don't want to bring any more sad news to them.
And Vasa would want me to go on
Thanks...Se You always help me
If you d dn't show up I wouldn't have known what to do
I was rush ng to meet you to say good bye
But wouldn't it be too tough for you to get to Lana alone ?
If I am bound to l ve
I w ll manage
And I w ll meet h m at last f fate allows me to

If you must go,
I will go with you
Sel, you don't have to do this for me.
You said you have a task to do in the mountain
I was going to visit Lana once soon I was going to visit there a little later though it wouldn't hurt to go there a little earlier
Or you don't want to go with me ?
it s not that
Well then..wait here I will prepare to leave
it won't take long
Don't hurry I don't want you end up like Vasa

No changes here, sire

Should we send them a message ?

Yes, but you don't know where he lives Anatoria is at least 10 times bigger than Ramia
Besides, wasn't it only one night stand ? Do you think he will acknowledge Sibel even if we do find him ?

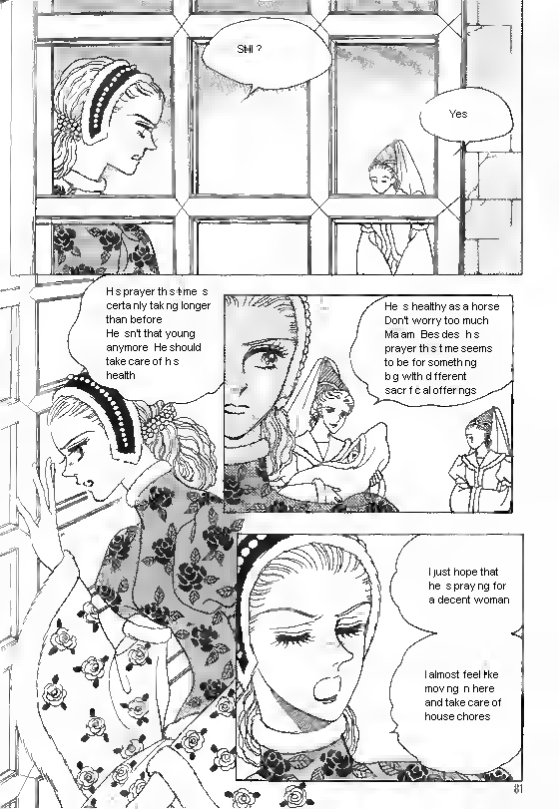
No
Are you sure ? I've actually noticed him a while ago. He has been hovering the mountain.



Shh?
Yes
His prayer this time is certainly taking longer than before
He isn't that young anymore He should take care of his health
He is healthy as a horse Don't worry too much Ma'am Besides his prayer this time seems to be for something big with different sacrificial offerings
I just hope that he is praying for a decent woman
I almost feel like moving in here and take care of house chores

If he treated as he should have perhaps I would have not been taken away from the castle

Anywhere in Ramira is peaceful.
Their racial characteristic is cheerful to begin with.
They accept their king as if it's their God and they are satisfied with their government. So, there is no sign of revolts at all.
Everyone on streets seem to be pleased with their life.

Why does Leo have to escort lady Barder every time ?
Leo is the king's personal bodyguard.
You don't know what people say about Leo and lady Barder Some are not really liking the whole situaton

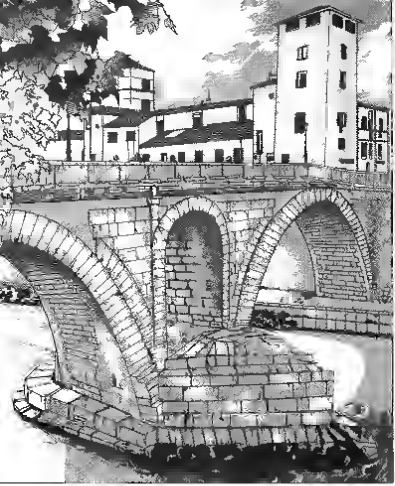
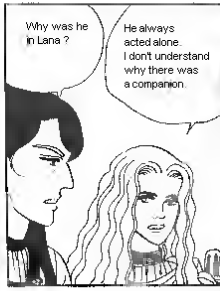
If something happened
it wouldn't be quet like this



There is no point in searching for him. If it was really Ren, he wouldn't be caught like this.



Why was he in Lana ?
He always acted alone. I don't understand why there was a companion.

The companion... Maybe, that's why he was here.
We don't know who it was though.

Appeared to be age of 15 and beaut ful

Can't be

Baran
Yes
Ren has betrayed me
Yes ?
I want you to go to Ramra
Bring as many as you need but divide them
There are three tasks to be done
My relative will handle searching the castle

Capture Ren at all cost
